**What are your core values and beliefs?**
**Ans:** I'm committed to ethical and responsible development practices. I believe hard work can give us success.

**What are your goals and aspirations?**
**Ans:** My goal is to become a skilled web developer and I want to build up my career in web development.

**What are the first steps you will take to build your personal brand?**
**Ans:** I will start by defining the purpose and goals of my brand. Then determine my brand services. For hunting clients I will choose internet marketing, social media marketing, search engine optimization (SEO), paid advertising, and other marketing.

**How does personal branding differ from self-promotion, and why is this distinction important?**
**Ans:** personal branding is a more comprehensive and strategic approach that focuses on building a well-rounded professional identity and reputation over time, while self-promotion tends to be more immediate and self-centered. The key distinction lies in the intention, approach, and long-term impact on your career and relationships. Striking the right balance between personal branding and self-promotion is important for building a successful and sustainable professional image.

**What are you most proud of?**
**Ans:** I am proud of my dedication and honesty.
